## 1.1 Definitions

### (a) Visitor:

A visitor is a traveller taking a trip to a main destination outside his/her usual environment, for less than a year, for any main purpose (business, leisure or other personal purpose) other than traveling to be a full time student or to be employed by a resident entity in the country or place visited (IRTS 2008, 2.9). A visitor (domestic, inbound or outbound) is classified as a tourist (or overnight visitor), if his/her trip includes an overnight stay, or as a same-day visitor (or excursionist) otherwise (IRTS 2008, 2.13).

### (b) International visitor:

An international traveller qualifies as an international visitor with respect to the country of reference if: (a) he/she is on a tourism trip and (b) he/she is a non-resident travelling in the country of reference or a resident travelling outside of it (IRTS 2008, 2.42).

The term “International Excursionist” (same day visitor) refers to an International Visitor, who does not stay overnight in the country visited.

To clarify further, the following are excluded from the definition of “International Visitor”:

1. All persons arriving with a specific purpose of engaging themselves in gainful occupation, full-time studying or to establish residence in Sri Lanka irrespective of their length of stay.
2. Diplomatic personnel.
3. Crews of ships and aircraft even if they stay for one night or more.
4. Dependents of temporary immigrants and children below 3 years.

In this report the term “Visitor”, “Tourist” and “Excursionist” are used for “International Visitor”, “International Tourist” and “International Excursionist” respectively. In Sri Lanka’s tourism statistics, excursionists consist almost exclusively of passengers on sea cruises, who come on shore for purposes of sightseeing, shopping, etc. while the ship is in harbour.

#### **(c) Tourist Arrivals:**

Every single visit (or entry) of a tourist to the country either in the course of the same trip or in the course of different trips is counted as a ‘tourists arrival’, provided the visit (or entry) lasts at least one night in the country (N.B. those who do not cross the

frontiers are not regarded as visitors).

#### **(d) Tourist Night:**

A night spent in Sri Lanka by a tourist in any type of immobile accommodation.

#### **(e) Guest Night:**

A night spent in a Tourist Hotel, Rest-House or Guest-House approved by the Sri Lanka Tourism Development Authority, as being suitable for occupation by foreign visitors.

#### **(f) Tourist Hotels:**

All Tourist Hotels, which are registered under Sri Lanka Tourism Development Authority, can be taken under this category. There are three main categories of Tourist Hotels; Classified, Unclassified & Boutique Hotels. Statistics for some of the other categories (i.e. Small Luxury Hotels/ Boutique Hotels) are added to the report from year 2014.

#### **(g) Supplementary Accommodation:**

Guest-Houses which are approved by the Sri Lanka Tourism Development Authority as being suitable for occupation by foreign visitors. These include home stay units tourist bungalows, rented tourist homes, rented tourist apartments, hostels, heritage homes and heritage bungalows.

#### **(h) Tourism Expenditure**

Tourism expenditure refers to the amount paid for

the acquisition of consumption goods and services, as well as valuables, for own use or to give away, for and during tourism trips (UNWTO).
